AUGUST RECAP

August has come and gone, and was by far one of our most successful months so far. Our focus was on continuous daily meals through our “Adventures of August” activity, where we served 100+ meals every single day of the month in Guanta, along with many other events that made the month a great success. The grand total meal count this month was 4,200, and we are so blessed for the opportunity to continue to do this, every single month.

ADVENTURES IN AUGUST

Our main activity of August was, “Adventures of August”, in which our Guanta-based team, Yo Soy Futuro Guanta, prepared and delivered 100+ meals daily across many different sectors in their state. This activity not only provided 3,275 total meals, but it also drew a lot of local media attention, bringing light on the positivity the team had in their entire state. The dedication it takes to consistently purchase, prepare, and deliver these meals across vulnerable terrain and in dangerous areas is very admirable, and we are so grateful for our boots on the ground team who made this happen.

Anelly and her team in Carabobo had another very impactful month. They prepared 425 total meals, focusing on delivering meals to hospitals, hosting local events in their community, as well as distributing “Sandwiches for a Smile” in Valencia, the capital of Carabobo. A huge thank you to their dedication to helping the vulnerable neighborhoods and communities in Carabobo.
