HOW IT STARTED

My Angel Foundation officially launched on June 3rd, 2022. As a small group of friends, inspired to drive tangible change in a country facing insurmountable hardships, we put our heads together, rolled up our sleeves, and decided that even from thousands of miles away, we can unite with the mission that no child deserves to go to bed hungry. Since then we have had the tremendous opportunity to help make an impact on the lives of many facing extreme crisis in Venezuela. What started out as just a dream turned into reality with the help of our many supporters.

FOUNDER'S WORDS

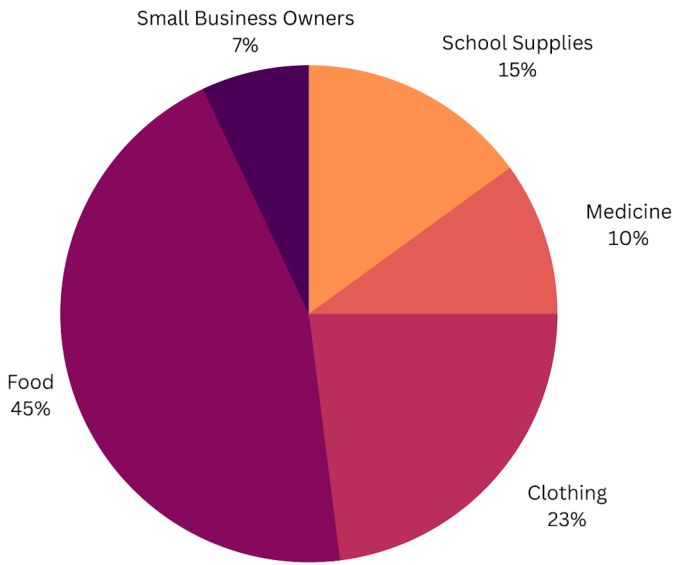

By Heidi Cousineau

What started out as an idea to help a few families in Venezuela surely turned into a mission bigger than we could have imagined. We are beyond grateful for people joining us on this journey as we work tirelessly to mitigate hunger and malnutrition in as many Venezuelan communities and homes as we possibly can. Thank you for all your continued support!
